Dear **<Title> <FAMILY NAME OF CONTACT>**,

In its four decades of upholding quality education, STI has consistently recognized the importance of linkages in providing market-driven programs that provide our graduates with a competitive advantage. Today, STI continues to build partnerships with employers in forming over 80,000 students enrolled in its campuses nationwide in Information Technology, Business and Management, Tourism and Hospitality, Engineering, and Arts & Sciences.

To further fortify our linkages with the market, we designed the Academic Partnership Program that lays the groundwork for a mutually beneficial relationship between the academe and the industry. STI's On-the-Job Training (OJT) Program provides employers an excellent way to recruit and evaluate potential employees while gaining a flexible and cost-effective workforce.

May we request a copy of your company's official documents, as listed below?

Thank you.

Sincerely yours,
